Update from Microsoft.

Hello Tavis,

We have successfully reproduced the issue that you reported to us. We will be finishing our investigation and determining if we will address it in a security release.

Please let me know if you have any additional information that could impact the investigation, or if you have any questions.

Quick second update:

Hi Tavis,

Just wanted to let you know that we are working on fixing this issue. I will continue to provide status updates as they become available.

Thanks again for reporting security issues to Microsoft responsibly and we appreciate your effort in doing so.
