Page 1 of 2

Here you will find **privilege escalation tools** for Windows and Linux/Unix* and MacOS.

These tools search for possible **local privilege escalation paths** that you could exploit and print them to you **with nice colors** so you can recognize the misconfigurations easily.

- Check the **Local Windows Privilege Escalation checklist** from book.hacktricks.xyz
- [WinPEAS](#) - Windows local Privilege Escalation Awesome Script (C#.exe and .bat)
- Check the **Local Linux Privilege Escalation checklist** from book.hacktricks.xyz
- [LinPEAS](#) - Linux local Privilege Escalation Awesome Script (.sh)

Quick Start

Find the latest versions of all the scripts and binaries in [the releases page](#).

JSON, HTML & PDF output

Check the [parsers](#) directory to transform PEASS outputs to JSON, HTML and PDF

Join us!

If you are a PEASS & Hacktricks enthusiast, you can get your hands now on our [custom swag](#) and show how much you like our projects!

You can also, join the  [Discord group](#) or the [telegram group](#) to learn about latest news in cybersecurity and meet other cybersecurity enthusiasts, or follow me on Twitter  [@hacktricks_live](#).

Let's improve PEASS together

If you want to **add something** and have **any cool idea** related to this project, please let me know it in the **telegram group** <https://t.me/peass> or contribute reading the [CONTRIBUTING.md](#) file.
