Why Carbon Black? | Analyst Report

Why Carbon Black?

Transform guesswork into strategic, data-informed decision-making with an unmatched ability to see targeted threats, contain impact, control change, and prevent repeated attacks.

Adopt proactive security

Precise control, extensive flexibility, and granular customization to adapt your security strategy to evolving threats and confidently prevent attacks.
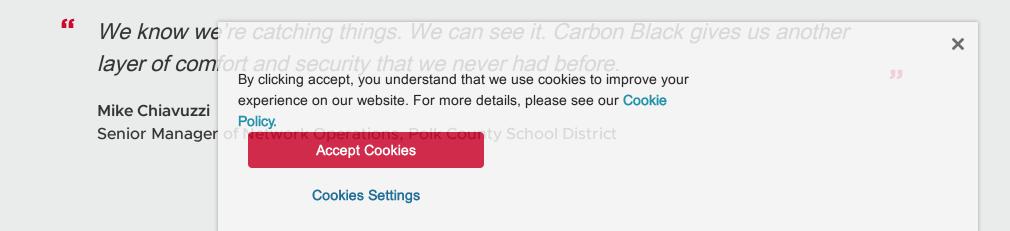

Explore Threat Prevention

See more to stop more

Carbon Black's high-fidelity data gives you high-value context, and clear visibility across endpoints, networks and workloads.

Threat Detection and Response

" *We know we're catching things. We can see it. Carbon Black gives us another layer of comfort and security that we never had before.* "

Mike Chiavuzzi
Senior Manager of Network Operations, Polk County School District
